POWERING TOP RETAILERS IN EVERY VERTICAL

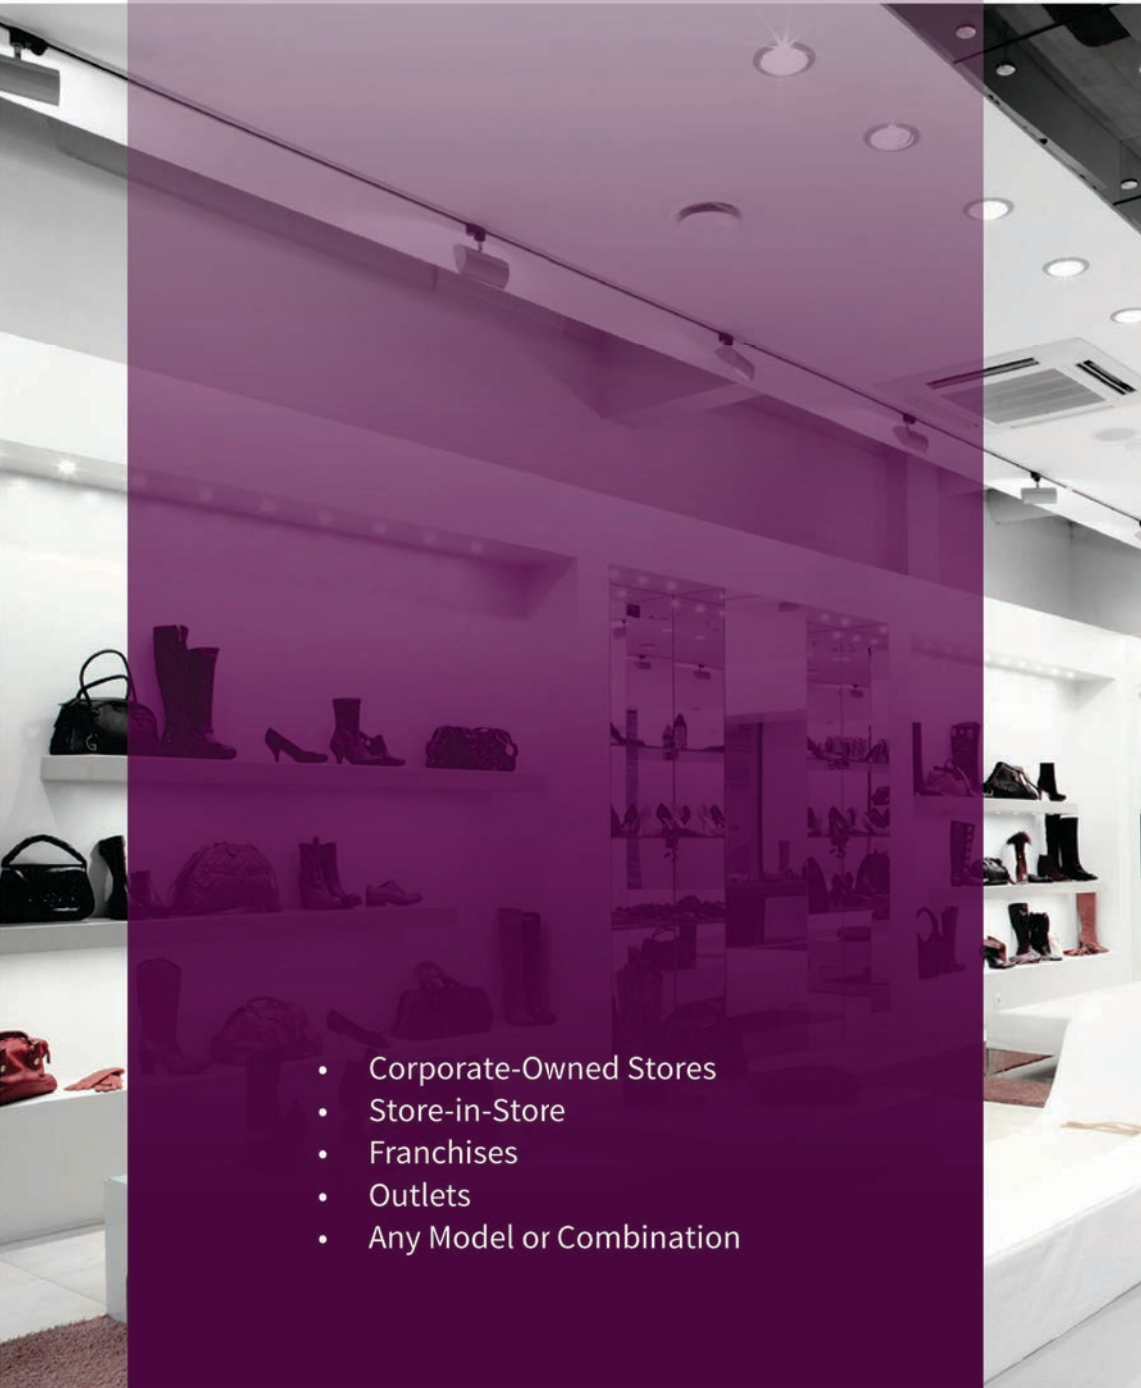

RETAIL PRO. AS SIMPLE AS YOU WANT- AS SOPHISTICATED AS YOU NEED

With a 30-year track record in specialty retail, we understand your retail management needs – and we know your stores today won't be the same tomorrow. That's why we created our scalable, extensible, completely customizable platform to reflect your business complexity, pace, and strategy as it grows and adapts to market changes.

Designed as a complete enterprise solution, Retail Pro 9 has it all:

- Feature rich front POS
- Customer Management
- Store Operations
- Back Office Applications
- In-depth Reporting and Analytics
- Extensive catalog of integrations

- Corporate-Owned Stores
- Store-in-Store
- Franchises
- Outlets
- Any Model or Combination

BUSINESS **YOUR WAY**

Retail Pro empowers retailers of all sizes and business models, from owner-operated brick and mortar specialty stores to large corporate-run retail chains and franchises.

- Centralized data access
- Local and global configuration
- Consistent customer experience

From kiosks to POS in brick-and-mortar stores, to e-Commerce, to Back Office functions and Mobile applications – Retail Pro 9 is the single feature-rich platform that powers retail.

- Extreme extensibility
- Ability to add custom features and specific functionality
- Ready ERP integrations
- Fully integrated with accounting packages from Sage, BusinessWorks, Quickbooks and Microsoft

FLEXIBILITY BEGINS WITH **ARCHITECTURE**

Retail Pro 9 is customizable and scalable without limits – so you can quickly respond to market and trend changes and opportunities, wherever they may take you.

Leverage the dynamic Retail Pro application programming interface (API) to create customizations to meet your unique business needs and take advantage of specialized ecosystem expertise.

- Multi-national
- Multi-region
- Multi-language
- Multi-tax
- Multi-currency

TAKE YOUR BUSINESS **ANYWHERE**

Whether your business is focused on efforts in a single country or growing your brand across global economies, Retail Pro operates seamlessly across borders.

Our internationally localized software is implemented and supported by our expert business partners – in your local language and culture of your retail locations, and with complete understanding of your business practices and needs.

POWERFUL AND FLEXIBLE REPORTING

With Retail Pro 9, you get an integrated reporting solution preloaded with 150+ standard reports that can have an immediate impact on your business.

- Robust reporting out-the-box
- Create custom reports for your sophisticated reporting needs
- Graphical reports for monitoring sales
- Built-in statistics and KPIs for inventory and customers

- Monitor key performance indicators (KPIs)
- Track inventory stock levels
- Determine best sellers and top customers
- Manage employee commissions
- Generate sales tax liability reports
- Much, much more!

ALWAYS THE RIGHT FIT

Meet the unique needs of your retail business as it evolves and grows. The flexibility inherent in the Retail Pro's design easily integrates with legacy systems, allowing retailers to maximize use of the existing resources while still looking to the future.

RETAIL PRO 9 GLOBAL EDITION ENTERPRISE

Retail Pro Global Enterprise edition accommodates any number of stores and lanes and permits multiple subsidiaries, languages, currencies and country tax structures in the same system.

- Unlimited store and company consolidation within a single system
- Enterprise class scaling ensures your systems scale with your business
- High availability database feature sets allow enterprise-level performance

RETAIL PRO 9 GLOBAL EDITION

With its unique feature set for both single-store retailers and organizations with locations around the world, this edition of Retail Pro is specifically designed to give greater control and insight to independent, specialty retailers.

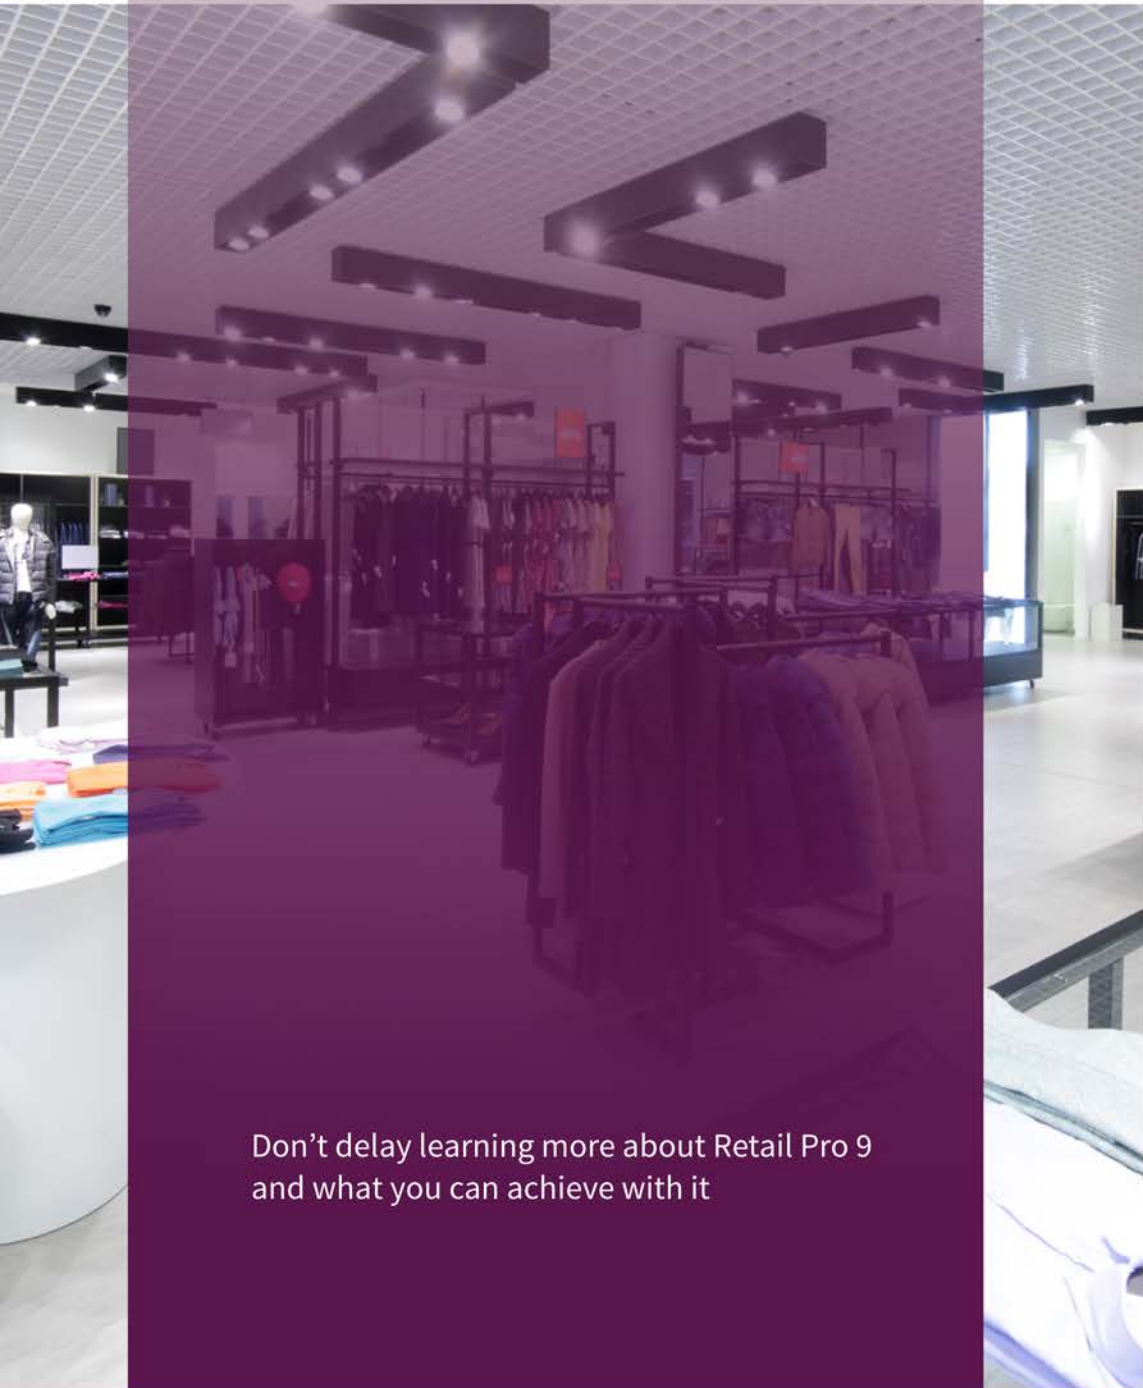

- Provides for multiple company consolidation and regional differences
- Supports multiple languages, currencies and country tax structure
- Delivers tools to flexibly manage Back Office, Store Operations and Point of Sale

RETAIL PRO 9 SMALL BUSINESS EDITION

Created for local retail operations of up to five stores and ten lanes, this software package provides the full suite of Retail Pro retail management functionality and includes support for a single language set, single base currency and single tax structure.

- Specially designed to empower small business owners
- Provides an affordable and flexible turnkey solution to managing small retail business
